

# Become a partner of Schoenenberger network

Are you a sales expert in the plastics industry? Do you have experience in the markets of Spain, Poland, Israel, India or France? Then we have the perfect opportunity for you!

We are a renowned German family company and we are looking for a competent sales partner / representative, to help us set up and distribute cutting tools for the plastics industry (cutting rotors) for the countries Spain, Poland, Israel, India or France.

We are a leading manufacturer of high quality cutting rotors for the plastics industry and have been in the business of industrial knives for almost 60 years, with a reputation for quality and innovation.

As our independent distributor, you will be responsible for introducing and selling our products to new customers and, where appropriate, building relationships with existing customers in your region/country. You will work closely with our team in Germany to ensure that our products meet the needs of your market. We will actively support you with sales and, if requested, one of our team will come to you to introduce key A-customers and help you succeed.

We offer competitive resale discounts at our list prices, as well as support in developing your business. If you are interested in this exciting opportunity to work with a leading German family business and become part of our global expansion, please contact us today. Let's work together to bring our premium cutting rotors to the forefront of the plastics industry in your country!
